Full session	50'	<b>55€</b>
Discovery session	30'	<b>35€</b>

An ancient manual practice that consists of massaging the entire foot with gentle pressure. The foot is a miniature representation of the human body. Each reflex zone corresponds to an organ, gland, or body part. A specific touch applied to the reflex zones helps locate tensions and other dysfunctions. Activating certain points with simple pressure can act on unbalanced or clogged organs to improve their condition or revitalize them, while providing a moment of well-being and relaxation.
